The Prince William County Fire Marshal's Office, a division of Prince William County Fire and Rescue, is responsible for fire protection and fire prevention related to new and existing construction and developments. This position inspects fire protection systems, controls and devices for compliance with approved plans and the state building and fire codes. Investigates unlicensed construction, complaints, fire damage, hazardous conditions, structural or operational failures and improper uses of buildings or structures. Approves final inspection certificates and recommends issuance of violation notices and stop or work orders to Fire Marshal in cases of noncompliance of materials and/or methods with construction regulations. Assists Construction Branch Chief or other official designated by the Building Official by performing inspections on specified phases of complicated construction projects. Education and Experience: Any combination of education and experience equivalent to graduation from high school and 35 years of job related fire protection systems and fire codes experience. Special Requirements: Must possess valid drivers license pass pre-employment physical and obtain Inspector 2 certification NFPA 1031 and Fire Protection Systems ICC 3B certification within 18 months of employment. Courses will be offered to the individual if not already certified. Preferences: Inspector 2 certification NFPA 1031 and Fire Protection Systems ICC 3B certification To Apply: Visit www.pwcgov.org/jobs and apply by submitting your resume online by the closing date. Prince William County is an equal opportunity employer and supports workplace diversity.

Deadline for Application: 6/29/09
