Topic: Discussion concerning web based meetings of this sub-committee

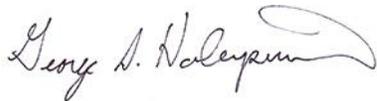

Robby Dawson asked Erin and Mohamed about the possibility of holding this committee meeting remotely to gain better participation and reduce travel times. Both Erin and Mohamed indicated there didn't see anything that would prohibit that type of meeting considering there are typically not more than one or two Fire Board Members participating. They would look into the possibility and communicate the details.

A tentative web conference was proposed for October 19th at 10:00AM.
